

Start a NET IMPACT CHAPTER

Turn your passions into a **lifetime of world-changing action**through Net Impact
Chapters

Net Impact is the global community of **emerging leaders** who take on social challenges, protect the environment, invent new products and orient business **for the greater good.**

Net Impact started in 1993 as a small network of MBA students who wanted to make a difference. Today, Net Impact is an entirely interdisciplinary network of students and professionals across the globe driving impact on campuses, throughout their careers and in their local communities.

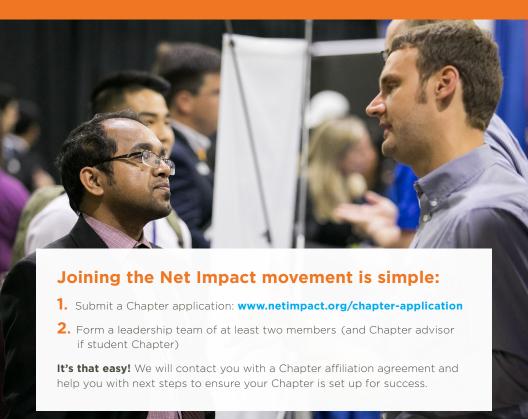

Chapters are locally organized and focused on the interests of their community with both Chapter-led initiatives and exclusive Net Impact programming. They host events and programs designed to promote leadership, career advancement, knowledge sharing, connections and impact at the local, national and global levels.

- Leadership training and transferable project management skills
- Specialized programming only available to the Net Impact community
- Access to influencers and events in the social, environmental and economic impact areas through an unparalleled interdisciplinary and global network
- Exclusive internships and career opportunities
- Direct support and resources from dedicated staff at Net Impact

With over **350 Chapters** in more than 50 countries, and always growing, now is the time to join the movement and **become a Net Impact Chapter Leader**.

Hear from the **Net Impact community**

Rob Kaplan

Co-Founder, Closed Loop
Fund; Net Impact Chapter
Leader, Haas School of

Business at UC Berkeley

Kate Hayes

Director, Echoing Green; Net Impact Chapter Member, New York City —Professional

I developed leadership skills and gained access to an incredible network of likeminded individuals. The robust forum of connecting with them has given me the knowledge and confidence I need to be successful in my job.

Net Impact provided the opportunity to connect with peers across various industries, learn new tools to bring back to the office, and feel inspired to continue to do the work we are all doing.

Katie Ambrose

Employer Brand Manager, Unilever; Net Impact Partner

Net Impact was an invaluable partnership for Unilever. The students are incredibly aligned with our Sustainable Living Plan. We were able to source great talent into some of our open positions, as well as educate what we hope are our future candidates about our company and its purpose.

James M. Hood

EDF Climate Corps Fellow, Boston Housing Authority; Net Impact Chapter Leader, W.P. Carey School of Business at ASU

Net Impact reinvigorated me with passion and purpose and with the clear vision that business CAN be a force for good. Plus, their conference is lightyears ahead of other MBA job fairs in terms of networking value for someone pursuing a career in sustainability.
